Machine Quilting a Monster Class

Sat, Nov. 13, 2010 10am-4pm

\$45.00 class fee

**Still a few spaces left but sign up soon
Get a handle on all those quilt tops!**

Pat has designed this class for those who want hands on instruction on a large quilt of their own. Many quilters have taken a basic machine quilting class, working on small samples. That's great, but what do you do when you get home and have to face machine quilting a queen size monster on your own?

Pat has had plenty of machine quilting experience and will share all of her tips and hints on how to handle any size quilt. Learn how to fit that monster into your machine and how to maneuver it. Explore options for quilting designs, threads, needles, tools, latest quilting products, where to start & how to proceed.

Bring at least one layered quilt and/or several other quilt tops.

We will play and plan as many quilt tops as you bring

The more the merrier!

Lots of discussion & designing in this class.

Pat also gives suggestions for setting up an ergonomically safe working area.

NOTE

It is suggested that you have taken a "Basic Machine Quilting" class so that you know some stipple, free motion, stitch in the ditch, working with your free motion foot and walking foot to be sure that you are ready for the "Monster" class and can get the most awesome experience from this class.

First created on paper and then transferred to fabric.

The first class had so much fun-

Only 1 space left so mail in your registration as soon as possible to reserve your space.

All you will need to bring is your sewing machine, thread and a few sewing tools. **Class fee includes fabric, batting, pens and all materials needed to create a beautiful black & white small quilted art piece and practice supplies.**

Zentangle can be used to decorate almost anything!

The most exciting revelation for me was how similar zentangle designs are to quilting designs. My mind just exploded with new quilting ideas and zentangle gave me the opportunity to create many unique new quilting patterns to increase my quilting repertoire. I will share these with you & help you hone your quilting skills.

Zen Dahlia is the result- see it on

## **PAT'S POINTER\***

I discovered a great product for storing your quilts when you want to avoid fold lines (like when transporting them to quilt shows or for storing under the bed).

**--4"x10' solid triple wall polyethylene pipe--**

It can be found at Home Depot and is inexpensive, rigid, easy to cut and very light weight.

Cover first with muslin, roll your quilt with the right side out then cover again with muslin.

**Happy Quilting!**
