MQX Wow!!

I personally had the pleasure of meeting Irena Blum, Dustin Farrell, Karen McTavish, Sally Terry just to name a few of the teachers who have inspired me in the past, either through their books or classes. What a talented lot they are, brimming with information and always remaining on the cutting edge with their machine quilting offerings.

Zentangle & Zen Quilting
a huge hit at MQX

After teaching 2 Zentangle classes and 1 Zen Quilting class at MQX, my students were thrilled to learn this art/quilting technique.

Word spread quickly and classes filled.

"Mind expanding, eye opening, empowering..."
were just some of the comments from students & customers.

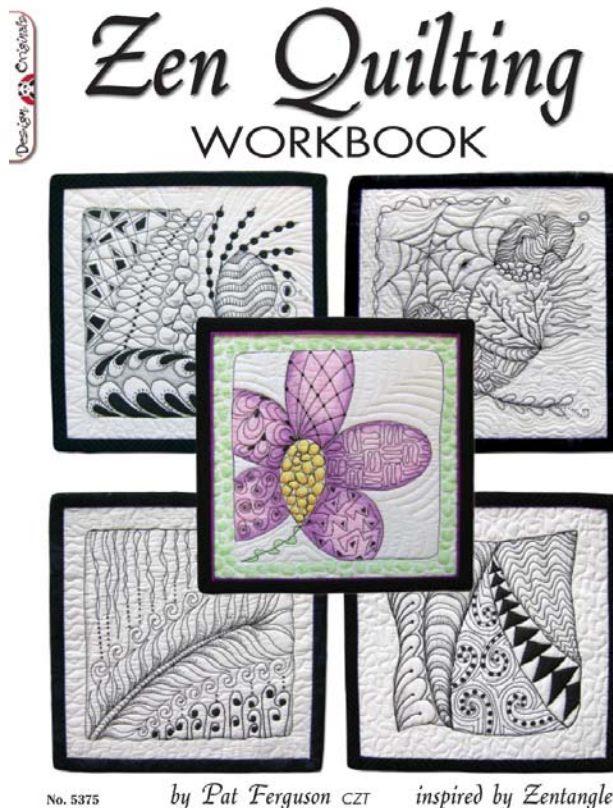

"Zen Quilting Workbook" is now available!

Design Originals worked quickly to get this book on the market and ready for Quilt Market. Here is what they had to say:

Pat Ferguson, CZT and master quilter, merges Zentangle® with free motion quilting. Learn to produce unique continuous line designs that are easy to execute. From developing your design concept, to quilting through layers, to finishing your quilt, Pat guides you through each step, insuring successful completion.

This valuable book includes patterns created by Pat and amazing designs created by her students. Discover the bliss of stress-free quilting as you experience the relaxing, repetitive concepts of Zentangle.

Begin with small pieces... as your confidence grows, so will the size of your projects. Join Pat for a quilting adventure that stimulates your creativity while soothing your soul.
