## Quilt Care & Storage

### **\*New Interactive Lecture/Trunk Show\***

Do you know how to take care of your precious quilts?

Do you have questions about washing and storing new or older quilts?

Do you need to pass along this information to the recipient of one of your quilted creations?

Bring along all of your questions (I love questions from the audience) for this interactive event. I will talk about how to give your new or older quilts the best care and offer products for gentle washing and archival storage. This information also applies to vintage textiles, heirloom linens, etc.

The highlight will be a trunk show of my award winning and favorite quilts.
